respect of Annual Maintenance Charges of Water Works and may be sanctioned for adoption in respect of dues, referred to in the Director's letter

6) 3 It has, however, to be stated that in many cases, as the local bodies may not have enough balance at credit the adjustment by Comptroller will be possible only if minus balance to that extent is permitted, subject to levy of interest thereon until it is wiped out by subsequent credits.

7) 4 It is unnecessary to send a copy of the bill to the Comptroller in the first instance as suggested by the Director of Public Health in Clause 1 of his proposals, as it will only involve unnecessary extra work in both offices, since no action is called for at that stage in my office, but only in accordance with Clause 4 at a later stage

8) 5 The revised procedure will apply only for current demand As regards arrears, the Deputy Commissioners should either arrange for recovery of the dues or obtain Government sanction for their payment in annual instalments along with the current demand, if the Municipal balances do not admit of such a course

Government Order No L 9090 9102—Ml 120 42 170 dated 9th March 1943 issuing certain supplementary instructions regarding the procedure to be followed for the recovery from the local bodies of the annual maintenance charges of water works under the control of the Bureau of Sanitary Engineering

2 Letter No C 55 37 dated 7th June 1943 from the Director of Public Health in Mysore requesting in the circumstances stated the adoption of the detailed procedure referred to in the Govern ment Order read above for the recovery from the local bodies of the arrears of charges in respect of—

(*a*) cyanogas dust supplied to local bodies
(*b*) pay and travelling allowance of cyanogas taff employed on cyanogas work
(*c*) pay and travelling allowance of vaccination staff employed for mass vaccination work
(*d*) cholera and T A B vaccines supplied from the Public Health Institute
and (*e*) fixed annual contribution due towards vaccine lymph supplied from the Vaccine Institute

3 Un official Note No 21—C LAD dated 15th July 1943 from the Comptroller to Govern ment on the subject

ORDER No L 4217 40—Ml 186 42 2, DATED BANGALORE, THE 15TH OCTOBER 1943

It has been brought to the notice of Government that the arrears of charges due to the Government from the local bodies in respect of the items referred to above are not being discharged promptly, with the result that their accumulation not only involves unnecessary clerical labour in the Public Health Department but also prevents the correct forecast of revenue collections for purposes of the budget With a view to overcoming the above difficulties the Director of Public Health has proposed the application of the procedure prescribed in the Government Order, read above, for the recovery of dues from the local bodies of water works mainte nance charges, for recovering the above dues

Government are pleased to approve of the following procedure

(1) the concerned officer of the Department of Public Health will send, before the 15th of the month following, to the local body concerned, a monthly bill for the supplies made or services rendered during the preceding month ,

(2) the local body concerned will adjust the said bill within a month from the date of its receipt in its office ,

(3) in default of payment within the period mentioned above the concerned officer will issue three weekly reminders to the local body, sending copies thereof simultaneously to the Deputy Commissioner of the district concerned The Deputy Commissioner should insist on the local bodies concerned the necessity for prompt payment

(4) In the event of failure on the part of the local body concerned to adjust the dues, in spite of the above, the Director of Public Health will apprise the Comptroller of the fact requesting him to adjust the dues from the Treasury Accounts of the local body concerned, sending simultaneously a copy of the same to the Deputy Commissioner concerned for information

No L 4217 40--ML 186 42 2, DATED 15TH OCTOBER 1943

(5) In cases where the local bodies might not have sufficient balance at their credit, the adjustment should be made by the Comptroller by a minus balance to that extent, subject to levy of interest thereon, until it is completely wiped out by subsequent credits

2 The revised procedure would apply only for current demand and that, as regards arrears, the Deputy Commissioners of districts should either arrange for the recovery of the dues or obtain sanction of Government for their payment in annual instalments along with the current demand, if the municipal balances do not admit of such a course

3 The officers concerned are requested to see that necessary provision is made in the annual budgets of the local bodies for the payment of the above dues in accordance with the demand bill received from the Public Health Department

Read

Government Order No.L.9090-9102/41.120-43-170 dated 9th March 1943 issuing certain supplementary instructions re: the procedure to be followed for the recovery from the Local Bodies of the annual maintenance charges of water works under the control of the Bureau of Sanitary Engineering.

2. Letter No.C.53-37 dated 7th June 1943 from the Director of Public Health in Mysore, requesting in the circumstances stated the adoption of the detailed procedure referred to in Government Order read above for the recovery from the Local Bodies of the arrears of charges in respect of:-

(a) Cyanogas dust supplied to Local Bodies;
(c) Pay and Travelling Allowance of cyanogas staff employed ~~for Mass Vaccination~~ on cyanogas work;
(c) Pay and Travelling Allowance of vaccination staff employed for Mass vaccination work;
(d) Cholera and T.A.B. Vaccines supplied from the Public Health Institute.
and (e) fixed annual contribution due towards Vaccine Lymph supplied from the Vaccine Institute.

3. U.O.Note No.21/3.143 dated 15th July 1943 from the Comptroller to Government on the subject.

ORDER No.

Dated, Bangalore, October 1943.

It has been brought to the notice of Government that the arrears of charges due to the Government from the local bodies in respect of the items referred to above are not being discharged promptly with the result that their accumulation not only involves unnecessary clerical labour in the Public Health Department but also prevents the correct forecast of revenue collections for purposes of the budget with a view to overcoming the above difficulties the Director of Public Health has proposed the application of the procedure prescribed in the Government Order read above for the recovery of dues from the Local Bodies of water works maintenance charges for recovering the above dues.

Government are pleased to approve of the following ~~proceedings~~

1) The concerned officer of the Department of Public Health will send before the 15th of the month following to the local body concerned a monthly bill for the supplies made or services rendered during the preceding month;
2) The Local Body concerned will adjust the said bill within a month from the date of its receipt in its office;
3) In default of payment within the period mentioned above, the concerned officer will issue three weekly reminders to the Local Body, sending copies thereof simultaneously to the Deputy Commissioner of the District concerned. The Deputy Commissioner should insist on the Local Bodies concerned the necessity for prompt payment.
4) In the event of failure on the part of the Local Body concerned to adjust the dues, inspite of the above, the Director of Public Health will apprise the Comptroller of the fact requesting him to adjust the dues from the Treasury Accounts of the Local Body concerned, sending simultaneously a copy of the same to the Deputy Commissioner concerned for information.

5) In cases where the local bodies might not have sufficient balance at their credit, the adjustment should be made by the Comptroller by a minus balance to that extent, subject to levy of interest thereon, until it is completely wiped out by subsequent credits.

The revised procedure would apply only for current demand and not as regards arrears. The Deputy Commissioners of Districts should either arrange for the recovery of the dues or obtain sanction of Government for their payment in annual instalments along with the current demand, if the municipal balances do not admit of such a course.

The officers concerned are requested to see that the necessary provision is made in the annual budgets of the local bodies for the payment of the above dues in accordance with the demand bill received from the Public Health Department.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS

THE MAHARAJA OF MYSORE

5) In cases where the Local Bodies might not have sufficient balance at their credit, the adjustment should be made by the Comptroller by a minus balance to that extent, subject to levy of interest thereon, until it is completely wiped out by subsequent credits.

The revised procedure would apply only for current demand and that as regards arrears, the Deputy Commissioners of Districts should either arrange for the recovery of the dues or obtain sanction of Government for their payment in annual instalments along with the current demand, if the municipal balances do not admit of such a course.

The officers concerned are requested to see that the necessary provision is made in the annual budgets of the Local Bodies for the payment of the above dues in accordance with the demand bill received from the Public Health Department.

Secretary to Government
Law Department.

To

The Director of Public Health in Mysore,
The Comptroller to Government through Finl. Depart.
The Deputy Commissioners of Districts,

Government Order No.L.9090-9102/M1.120-42-170 dated 9th March 1943 issuing certain supplementary instructions ~~re~~ regarding the procedure to be followed for the recovery from the Local Bodies of the Annual maintenance charges of water works under the control of the Bureau of Sanitary Engineering.

2. Letter No.C.55-37 dated 7th June 1943 from the Director of Public Health in Mysore, requesting in the circumstances stated the adoption of the detailed procedure referred to in Government Order read above for the recovery from the Local Bodies of the arrears of charges in respect of -

(a) Cyanogas dust supplied to Local Bodies,
(b) Pay and Travelling Allowance of cyanogas staff employed ~~for mass vaccination work;~~ on cyanogas work,
(c) Pay and Travelling Allowance of vaccination staff employed for mass vaccination work,
(d) Cholera and T.A.B. vaccines supplied from the Public Health Institute,
and (e) fixed annual contribution due towards vaccine lymph supplied from the Vaccine Institute.

3. U.O.Note No.21/C. LAD dated 15th July 1943 from the Comptroller to Government on the subject.

ORDER No. L. 4217-40/ML186-42-2

Dated, Bangalore, 18th October 1943.

It has been brought to the notice of Government that the arrears of charges due to the Government from the Local Bodies in respect of the items referred to above are not being discharged promptly with the result that their accumulation not only involves unnecessary clerical labour in the Public Health Department but also prevents the correct forecast of revenue collections for purposes of the budget. With a view to overcoming the above difficulties, the Director of Public Health has proposed the application of the procedure prescribed in the Government Order read above for the recovery of dues from the Local Bodies of water works maintenance charges, for recovering the above dues.

Government are pleased to approve of the following ~~proceedings~~ procedure

1) The concerned officer of the Department of Public Health will send before the 15th of the month following to the Local Body concerned, a monthly bill for the supplies made or services rendered during the preceding month,

2) The Local Body concerned will ajdust the said bill within a month from the date of its receipt in its office,

3) In default of payment within the period mentioned above, the concerned officer will issue three weekly reminders to the Local Body, sending copies thereof simultaneously to the Deputy Commissioner of the District concerned. The Deputy Commissioner should insist on the Local Bodies concerned the necessity for prompt payment.

4) In the event of failure on the part of the Local Body concerned to adjust the dues, inspite of the above, the Director of Public Health will apprise the Comptroller of the fact requesting him to adjust the dues from the Treasury Accounts of the Local Body concerned, sending simultaneously a copy of the same to the Deputy Commissioner concerned for information.

Comptroller to Government on the subject.

ORDER No. C. 1217-40/ME 1846-47-2

Dated, Bangalore, 18th October 1943

It has been brought to the notice of Government that the
breach of the terms to which are not being discharged
arrears or charges due to the Government from the Local Bodies in
incessantly cleric labour in the Public Health Department but also
bromptly with the result that their accumulation not only involves
presents the correct interest of levying collections for purposes
of the budget. With a view to overcoming the above difficulties the
Director of Public Health has proposed the application of the reco-
very described in the Government Order read above for the recovery
of dues from the Local Bodies of water works maintenance charges for
recovering the above dues.

Government are pleased to approve of the following procedure

1) The concerned officer of the Department of Public Health
will send prior the 12th of the month following to the Local Body
concerned a monthly bill for the supplies made or services rendered
during the preceding month.

2) The Local Body concerned will adjust the said bill within a
month from the date of its receipt in its office.

3) In default of payment within the period mentioned above, the
concerned officer will issue three weekly reminders to the Local
Body, sending copies thereof simultaneously to the Deputy Commis-
sioner of the District concerned. The Deputy Commissioner should
in the event of failure on the part of the Local Body con-
sider to adjust the dues, the Director of Public Health will approach
to adjust the dues from the recovery Accounts of the Local Body
to withhold a sum equivalent to the amount due to the Local
Government Order no P.3030-3103/Mi.Mc-43-1/0 dated 9th
tion 1943 issuing certain supplementary instructions re the
procedure to be followed for the recovery from the Local Bodies
of the Annual maintenance charges or water works under the control
of the Surgeon of Sanitary Engineering.

2. Letter No.G.3P-3/ dated 7th June 1943 from the Director of
Public Health in Mysore, requesting in the circumstances stated the
adoption of the detailed procedure referred to in Government Order
read above for the recovery from the Local Bodies of the arrears of
charges in respect of -

(a) Sewerage and Drainage or Conservancy staff employed
by Municipalities or Sanitary Boards.
(b) Bay and Travelling Allowance or Cyanogas staff employed
~~for mass vaccination work~~ on Cyanogas work.
(c) Bay and Travelling Allowance of vaccination staff employed

(d) Cholera and T.A.B. vaccines supplied from the Public Health
Institute.
and (e) Fixed annual contribution due towards vaccine lymph supplied
from the Vaccine Institute.

3. U.O.Note No.31/C. LVD dated 12th July 1943 from the
Comptroller to Government on the subject.

ORDER No. C. 1217-40/ME 1846-47-2

Dated, Bangalore, 18th October 1943

It has been brought to the notice of Government that the
breach of the terms to which are not being discharged
arrears or charges due to the Government from the Local Bodies in
incessantly cleric labour in the Public Health Department but also
bromptly with the result that their accumulation not only involves
presents the correct interest of levying collections for purposes
of the budget. With a view to overcoming the above difficulties the
Director of Public Health has proposed the application of the reco-
very described in the Government Order read above for the recovery
of dues from the Local Bodies of water works maintenance charges for
recovering the above dues.

Government are pleased to approve of the following procedure

1) The concerned officer of the Department of Public Health
will send prior the 12th of the month following to the Local Body
concerned a monthly bill for the supplies made or services rendered
during the preceding month.

2) The Local Body concerned will adjust the said bill within a
month from the date of its receipt in its office.

3) In default of payment within the period mentioned above, the
concerned officer will issue three weekly reminders to the Local
Body, sending copies thereof simultaneously to the Deputy Commis-
sioner of the District concerned. The Deputy Commissioner should
in the event of failure on the part of the Local Body con-
sider to adjust the dues, the Director of Public Health will approach
to adjust the dues from the recovery Accounts of the Local Body
to withhold a sum equivalent to the amount due to the Local

5) In cases where the Local Bodies might not have sufficient balance at their credit, the adjustment should be made by the Comptroller by a minus balance to that extent, subject to levy of interest thereon, until it is completely wiped out by subsequent credits.

The revised procedure would apply only for current demand and that as regards arrears, the Deputy Commissioners of Districts should either arrange for the recovery of the dues or obtain sanction of Government for their payment in annual instalments along with the current demand, if the municipal balances do not admit of such a course.

The officers concerned are requested to see that the necessary provision is made in the annual budgets of the Local Bodies for the payment of the above dues in accordance with the demand bill received from the Public Health Department.

OFFICE OF THE DIRECTOR OF PUBLIC HEALTH IN MYSORE BANGALORE

No C 55-37
Encls: 4

Date 23rd ~~April~~ June 1943

SEDY LAW DEPT 9/4/43 GOVT OF MYSORE

The Secretary to Government,
Law Department,
Bangalore

Recovery of arrears of charges due from local bodies in respect of cyanogas dust, pay and T A of Cyanogas and Vaccination staff - Vaccine supplies from the Public Health Institute and fixed annual contribution due for vaccine lymph supplied from the Vaccine Institute

---

Adverting to Government Order No L 9090-9102 dated/M1 120-42-7A dated 9th March 1943 prescribing a procedure for the recovery of the A M charges of Water Works due from the local bodies, I have the honor to state that arrears are also outstanding in respect of the following

1) Cyanogas dust supplied to local bddies
2) Pay and T A of Cyanogas staff employed in Cyanogas work
3) Pay and T A of vaccination staff employed for mass vaccination wor
4) Cholera and T A B vaccines supplied from the Public Health Institute
5) Fixed annual contribution due towards vaccine lymph supplied from the Vaccine Institute

The accumulation of arrears is not only involving unnecessary clerical labour in the shape of reminders etc but also handicapping the correct forecast of revenue collections for purposes of budget If the procedure prescribed in respect of the recovery of dues of Water Works maintenance charges is ordered to be adopted for the above five items also, it would go a long way in economising clerical labour and in helping the correct forecast of income from these sources

I therefore request you to be so good as to obtain and convey approval of Government to the following procedure to be adopted for the recovery of the dues in respect of the above 5 items of revenue -

The concerned Officer of the Department of Public Health will send to the local body concerned, a monthly bill before the 15th for the supplies made or services rendered during the preceeding month, sending a copy of the same to the Comptroller in Mysore, for information

The local body concerned will adjust the bill within a month from the date of receipt of the bill from the concerned officer of the Public Health Department

In default of payment within the period mentioned above, the concerned officer will issue three weekly reminders to the local body, sending copies of such reminders simultaneously to the Deputy Commissioner of the District concerned The Deputy Commissioner in their turn should insist on the local bodies for prompt payment/

/C

4) On the failure of the local body concerned, to adjust the dues, inspite of the above, the Director of Public Health should apprise the Comptroller of the fact, requesting for adjustment of the dues from the Treasury accounts, at the same time sending a copy of the same to the Deputy Commissioner concerned for information

Statements showing the outstandings to date in respect of the items ~~xfxx~~ referred to above are enclosed for the information of Government

I have the honour to be,
Sir,
Your most obedient servant,

Director of Public Health

2 The Local Body should credit one twelfth of the amount in the treasury on or before the 10th of every month in advance

3 In default of payment the Sanitary Engineer should send three weekly reminders to the Local Body sending copies of the same simultaneously to the Deputy Commissioner concerned The Deputy Commissioners should at the same time insist on the Local Bodies to make prompt payments

4 If no payment is made in spite of the above the Sanitary Engineer should send intimation to the Comptroller for adjustment of the monthly instalments in the treasury accounts sending a copy of the same to the Deputy Commissioner of the District for information

Effective arrangements should be made in the office of the Bureau of Sanitary Engineering for watching the recoveries in accordance with the above instructions

READ—

Government Order No L 26 46—Ml 181 37 4 dated the 2nd July 1938 issuing certain instructions regarding the procedure to be followed for the recovery from the Local Bodies of the annual maintenance charges of the water works under the control of the Bureau of Sanitary Engineering

2 Correspondence ending with letter No C 58 53 dated the 11th December 1942 from the Director of Public Health forwarding a detailed report on the accumulation of heavy arrears of the annual maintenance charges of the several water supply works under the control of the Bureau of Sanitary Engineering due by the concerned Local Bodies and stating that the Local Bodies have not been prompt in the matter of payment of the annual maintenance charges as required in the Government Order read above and requesting approval in the circumstances stated to the adoption of the detailed procedure in regard to the recovery of the arrears of the said charges due by the Local Bodies

3 Unofficial Note No 378—W A D 1 dated the 1st December 1942 from the Comptroller to Government on the subject

ORDER No L 9090 9102—ML 120 42 170, DATED BANGALORE, THE 9TH MARCH 1943

It has been brought to the notice of Government that the arrears of annual maintenance charges of the several water works under the control of the Bureau of Sanitary Engineering due from the Local Bodies have accumulated into heavy proportions, with the result that, at the end of the quarter ending 30th September 1942, the outstandings from Local Bodies stood at Rs 2,34,570

Government regret to observe that the action taken by the Sanitary Engineer in regard to the recovery of the said arrears is inadequate and belated and the existing state of affairs could have been avoided, if the instructions contained in the Government Order, dated the 2nd July 1938, had been strictly observed, and if the Deputy Commissioners of the Districts had also insisted upon the Local Bodies paying their dues in this behalf regularly, especially when intimation of the default on the part of the Local Bodies concerned in the district was sent to them

The Comptroller to Government, who was consulted in the matter, has expressed the opinion that the procedure now in force is sufficient for the recovery of overdue amounts on that account and that action could be taken by him to adjust the arrears in the treasury accounts only when there is sufficient balance at the credit of the Local Body concerned over and above the amount required for essential expenditure such as establishment charges, etc, and only before the charges accumulate into heavy arrears and thus become impossible of being recovered in the above manner He has also stated that in other cases, needful action has to be taken by the Deputy Commissioners concerned to obtain Government sanction for payment of arrears in instalments which should be regularly paid along with the current year's demand

Government generally agree with the above views of the Comptroller It is, however, considered necessary to implement the present procedure in this behalf by the adoption of the following suggestions made by the Director of Public Health so as to clear the position further and thus enable the defaulting Local Bodies to rectify themselves in time by paying these obligatory charges —

1 The Sanitary Engineer will send intimation annually in the month of April to each Municipal Council or other Local Body concerned about the budget allotment to be made for the ensuing year and the amount to be paid by it every month for the maintenance of the local water works

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS

G O No L. 26 46—Ml 181 37 4, dated 2nd July 1938

Recovery from Local Bodies of the Annual Maintenance Charges of Water Works

Issues instructions regarding the procedure to be followed for the —— under the control of the Bureau of Sanitary Engineering

---

READ—

Correspondence ending with letter No C 1757 dated 1st—3rd March 1938 from the Director of Public Health soliciting orders in regard to the procedure followed in the Bureau of Sanitary Engineering in paying the annual maintenance charges of the several Water Works which are under the control of the Bureau charging the cost in the first instance to the Objection Book Advance (Public Works Department) and recovering the same from the concerned local bodies (Municipalities District Boards and Village Panchayets, by sending demand statements after the end of each month as this procedure was objected to by the Comptroller during the audit of the accounts of the Bureau

2 Correspondence ending with Un official Note No 10/W A D 1 dated 11—17th June 1938 from the Comptroller to Government furnishing his remarks in the matter

ORDER No L 26 46—ML 181 37 4, DATED BANGALORE THE 2ND JULY 1938

It has come to the notice of Government that large amounts on account of annual maintenance charges of water works under the control of the Bureau of Sanitary Engineering are outstanding payment by several local bodies in the State

2 At present Government funds are advanced in the first instance debiting the same to *Objection Book Advance* Immediately after the charge is incurred, a demand (as per Article 477 of the Mysore Public Works Account Code) is sent to the local body concerned for issue of a crossed cheque for the amount in favour of the Executive Engineer (Sanitary Engineer) for adjustment In case there is delay in adjustment on the part of the local body, the article referred to provides for the Sanitary Engineer to address the Audit Office and to get the amount adjusted through the Treasury by effecting a corresponding reduction in the treasury cash balance of the local body concerned But in actual practice, it is found that in many cases the local bodies are not issuing cheques as soon as the demand is made This delay has resulted in accumulation of arrears which the local bodies are unable to pay owing to their slender resources Government therefore, consider that a change in the procedure for the adjustment of these amounts is necessary in the interests of both the Government and the local bodies

3 The Comptroller to Government who was consulted in the matter has suggested as follows —

> In the first instance the local bodies will have to be apprised by the Sanitary Engineer about three to four months in advance of the probable amount that may be required for Annual Maintenance Works of the subsequent year The Administrator of the Fund will have to make due provision for this outlay in the Budget Estimates of the Fund and set apart that sum for meeting the demands of the Sanitary Engineer then and there To have a very effective control over the adjustment of the amounts due the Sanitary Engineer should intimate the amount of the Annual Maintenance estimate of the following year on or before the 25th of June of every year to the treasury where the local body has a banking account with a request to credit one twelfth of the annual maintenance estimated amount to 23 O B A 11 Public Works Department by transfer debit to the concerned local fund on the first of each month and the fact intimated by the treasury to the local body and Sanitary Engineer

No L 26 46—ML 181 37-4 DATED 2ND JULY 1938

4 Government agree with the above suggestion and direct that the local bodies may be asked to credit one twelfth of the estimated annual maintenance charges every month in advance, the difference between the estimate and the actuals being adjusted at the end of the year

5 If any local body fails to credit the amount monthly, the Comptroller may direct the adjustment in the treasury accounts in accordance with the procedure laid down in para 477 of the Mysore Public Works Account Code

6 This procedure may be given effect to from the year 1938 39
